### Description:

The PRISMA Manager's Safety Shoe is designed for superior protection, comfort, and durability in demanding work environments. Crafted with high-quality suede leather and equipped with essential safety features, it provides reliable resistance against oil, chemicals, and impact hazards, making it ideal for industrial and managerial applications.

### Features:

- ★Steel Toecap & Midplate – Provides maximum protection against compression and puncture hazards.
- ★Oil & Chemical Resistant Sole – Ensures safety in slippery and chemically exposed environments.
- ★Anti-static Properties – Prevents static build-up for added safety in sensitive work areas.
- ★Shock Absorbing Sole – Reduces impact on joints during prolonged wear.
- ★Suede Leather Upper – Durable, stylish, and comfortable for managerial and supervisory staff.
- ★Cambrelle Lining – Breathable and moisture-wicking for extended comfort.

### Applications:

- ★Industrial & Manufacturing Plants
- ★Construction & Civil Works
- ★Oil & Chemical Handling Areas
- ★Facility Maintenance & Supervision
- ★Warehousing & Logistics
- ★General Industrial Safety Compliance
