Reusable:	No

Description:

The NW008 P.P. Non-Woven Cap with Neck Protection is designed to provide lightweight, breathable protection for the head and neck area. Made from high-quality polypropylene non-woven fabric, it offers comfort during extended wear while helping protect against dust, light splashes, and contaminants. The extended neck flap provides additional coverage, making it suitable for hygiene-sensitive and industrial environments.

Features:

- ★ Lightweight and breathable non-woven fabric
- ★ Integrated neck protection flap
- ★ Comfortable elastic headband for secure fit
- ★ Disposable and hygienic
- ★ Soft and skin-friendly material
- ★ Good air permeability
- ★ Helps protect from dust and light particles
- ★ One size fits most users
- ★ Easy to wear and remove

Applications:

- ★ Food processing and catering
- ★ Cleanrooms and laboratories
- ★ Pharmaceuticals
- ★ Hospitals and medical use
- ★ Electronics manufacturing
- ★ Painting and light industrial work
- ★ Hygiene-sensitive environments
