### Description:

The Soft Shell Jacket is an all-weather protective outerwear solution designed for durability, comfort, and functionality. Crafted from 100% polyester micro polar fleece with 300–320 GSM soft shell fabric, it provides excellent insulation while maintaining breathability and flexibility. Featuring multiple utility pockets and reflective detailing, this jacket ensures superior protection and visibility in all working conditions.

### Features:

- ★ 100% Waterproof & Breathable Fabric – Keeps the wearer dry and comfortable in all weather conditions.
- ★ Durable 3-Layer Construction – Combines protection, flexibility, and warmth.
- ★ Utility Pockets – Designed with 2 side zip pockets and a secure chest mobile pocket for convenience.
- ★ All-Weather Protection – Windproof and water-resistant properties ideal for outdoor and industrial environments.
- ★ Reflective Piping Design – Ensures high visibility and added safety in low-light conditions.
- ★ Ergonomic Fit – Stretch fabric allows unrestricted movement and maximum comfort.

### Applications:

- ★ Construction & Industrial Work
- ★ Logistics & Outdoor Operations
- ★ Maintenance and Utility Work
- ★ Everyday Outdoor Wear
- ★ Emergency Response & Night Work
