

Wood Fix Glue – White 850g (Red Label)

PRODUCT DATA SHEET

Technical Specifications:

Product Name	Wood Fix Glue (White) – Red Label
Base	PVA (Polyvinyl Acetate)
Appearance	Milky white liquid
Packaging Size	850 grams
Viscosity	Approx. 13,000 – 15,000 cps
Drying Time	10 – 20 minutes
Bond Strength	High; suitable for load-bearing joints
Water Resistance	Moderate

Description:

Wood Fix Glue White (850g, Red Label) is a premium-grade, water-based polyvinyl acetate (PVA) adhesive specially designed for wood bonding applications. It provides strong, durable bonds for hardwood, softwood, MDF, plywood, and laminated wood surfaces. Ideal for both industrial and home woodworking use.

Features:

- ★ Strong Adhesion – Ideal for furniture joints, veneers, dowels, and edges
- ★ Non-Toxic Formula – Safe for indoor use and children’s furniture
- ★ Fast Drying – Efficient clamping and curing times for production speed
- ★ Easy to Apply & Clean – Water cleanup before curing
- ★ Smooth Finish – Dries clear for invisible bonds

Applications

- ★ Furniture manufacturing and repair
- ★ Wood joinery (dowels, mitres, tenons, etc.)
- ★ Laminate and veneer bonding
- ★ DIY wood projects
- ★ Cabinetry and carpentry work
