

# DISPOSABLE PARTICULATE MASK ZYE-02 FFP2 NR

## PRODUCT DATA SHEET

### Technical Specifications:

Standard	EN 149:2001 + A1:2009
Protection Level	FFP2 NR
Filtration Efficiency	≥94%
Material	Multi-layer non-woven synthetic fiber
Nose Clip	Adjustable aluminum nose clip
Colour	White
Head Strap	Elastic, latex-free
Brand	Steif

### Description:

The ZYE-02 FFP2 NR Disposable Respirator provides reliable protection against moderate levels of dust, mists, and aerosols. With a filtration efficiency of ≥94%, it is suitable for a wide range of industrial, construction, and maintenance applications. Designed for comfort during prolonged use, it offers a secure fit and low breathing resistance.

### Features:

- ★FFP2 NR Protection – Filters ≥94% of airborne particles
- ★Non-Reusable – Designed for single-shift use
- ★Comfort Fit – Adjustable nose clip and soft inner lining for comfort
- ★Low Breathing Resistance – Improves wearability during extended use
- ★Latex-Free – Safe for sensitive skin

### Applications:

- ★Construction, Woodworking & Metalworking
- ★Mining, Quarrying, and Processing of Minerals
- ★Agriculture – Protection from dust and bioaerosols
- ★General Industrial Dust & Mist Protection
